dated 14th February 1903 not having

The Dy Comr now states in reply that the car
has been inspected with the help of a profes sional
man from Mysore by the Spl Rly. Dy Comr's officer,
Chamarajanagar, the addl Asst Comr Mr
Badami Krishnarao, D.L.W. Supervisor Mr
Somanathan Iyer and the Amildar of Nanjanpud,
that the Estimate now submd has been prepared after
due consideration, that the present repairs are
reported to be very necessary to celebrate the
Coming car festival, that the car would does
not require any repairs for 20 or 25 years more,
that the condition of the car is fully explained in the
memo of the Amildar Mr Sreekantaiah and
further that the maintenance of all the cars
in good condition is reported to be necessary as
each of them has to be used in some specified
part of the year and that there is no objection
to replace the big car by a small one but
it is reported that it would cost Rs 5000 or 6000
and would occupy some years at least to finish,
till then the maintenance of the big car in good
condition is necessary.

The present Estimate is for Rs 1580 which amount is proposed to be met from the sum of Rs 6171-8-2 reported to be available at the credit of the temple on the 30th September 1903

What about the four other cars? Will other estimates be coming in for their repair? Refer to the vernacular papers 17/12/03

17/12/'03

The Vernacular records show that the Cars of Sri Sreekanteswaraswami, Ammanavaru and Chandikeswara Swami are all in need of much repairs and that the Car of Sri Vigneswaraswami is worn out and has to be replaced by a new one, the dolls of the old Car of Vigneswara alone being of some future use.

The Amildar in his report dated 27th October 1903 states that an Estimate amounting to Rs 50 has been submitted separately for repairing the Sri Chandikeswara Swami's Car and that it would be executed shortly.

Draft sanctioning the Estimate amounting to Rs 1580 for repairing the big Car is submitted.

Rs

The repairing of the Cars of the Sri Srikanteswara Swami temple at Nanjangud has become a matter of great urgency. They are all in great disrepair

disrepair, and one of the smaller cars actually broke down during the last Rathotsavam festival.

* for Rs 1580/-

The present estimate is for repairing the biggest of the cars and as it has been prepared with great scrutiny and under the supervision of several responsible Officers including a P.W. Supervisor, I think it may be sanctioned and made payable out of the savings of the temple, which amount to a little over 6000 Rs.

A draft is subd. Estimates for the other cars have all been called for in the draft.

Much has to be done for the Nanjangud temple, but the savings are not much.

estimate for Rs 1580/ for repairing the big
car of the Sri Srikanteswara Swami temple
at Nanjangud For getting it up a professional
man was sent to Nanjangud by the
Amildar of the Mysore Taluk as directed
by my predecessor. The Special sub Division
Officer of Chamarajnagar, the Additional
Assistant Commissioner Mr. Badami Krishna
Rao, Public Works Department Supervisor

Mr. Somasundara Iyer and the Amildar of the Nanjanjud Taluk inspected the car with the professional man and the present estimate is reported to have been prepared after due consideration. The Amildar reports that the proposed repairs are very necessary to celebrate the coming car festival and that the car would require no repair again for 20 or 25 years to come. The present state of the car is explained in the English memo appended to the estimate.

2. The Amildar reports that all the 5 cars are used simultaneously in the 3rd 5th 5th during the big car festival, that 3 of them are used in the 5th 8th 5th 5th during the Chitra rathotsavam, that 1 of them on every full Monday and that therefore it is necessary to keep all the 5 cars in good condition.

3. It is reported that there is no objection to replace the big car by a small one as suggested by you in the above docket, but it is said that the cost thereof may be Rs. 5000

it would take years to get

a small one prepared and that it would be necessary to have the present cars in good condition till then at least.

You know that the repairs of the big car of the Sri Sridanteswaraswami emple at Kanjangud were sanctioned some time back. The car festival is fast approaching and the repairs have to be completed before the commencement of the Jatra. I do not know whether the work has been actually undertaken and if so, how far it has progressed. I shall be obliged by your kindly intimating to me early the steps taken in the matter.

Though you are not to be in charge of the Kanjangud Taluk permanently as I see from the latest Gazette, yet I

Dear Sir,

I am in receipt of your favor of the 18th: January/04. As it was apprehended that the repairs to the Car could not be completed before the Car-festival, if the Work were given out on Contract, I started Work Amani. About 500 Rs worth of timber were Voluntarily given by some of the devotees and I am showing no efforts to finish on the

work to completion at a very
early date.

Big logs for preparing the
huge axles of the car wheels are
available in any of the depots.
The Log Commr was requested
to obtain the same from the Forest
Deputy. I learn that the Gainesville
Forest Off was unable to comply
with the Log Comr's requisition and
that the latter has since asked
the Key West Forest Ranger to supply
me with the logs in question.

The wheels of the car will be

ready by the end of February i.e. nearly
20 days before the Car-Prototypes
Comes off. I am afraid that
it is more easy to secure the tops
of the required dimensions
for preparing the axles, in time.
I shall exert my utmost to see
that the work is completed in time.
The only difficulty I found is in
securing seasoned timber.

I am not Contemplating Transfer with

Shall devote my best attention to

1. All the old wheels of the car were removed and all of these 3 have already been prepared and the remaining one is being got ready

2. Great care has been taken to see that the work turned out is extra strong. I have secured the services of 4 local Smiths and a carriage-fitter from Mysore. A workshop has been opened and all tools & other appliances required are being prepared in the workshop in view to encourage and train up local men.

3. The two logs that were indented for from the Forest Depôt are reported to have arrived at Mysore. As they are not seasoned timber

It seems more convenient to get some sundry repairs done to the old axles, as the local bandikars or car-builders have testified to their soundness. The new axles may be allowed to dry so that they long before the next years car festival they may become well seasoned and ready for use.

All the wheels are prepared and of heart-wood of babool and Bâge wood and every endeavour has been made to secure the strongest timber available in the Jubbulpore and the adjoining Districts as well.

The super-structure work of the car is being constructed and it will be ready in a week.

The car-festival comes off on the 28th March/04, and I am confident that I shall be

able to fill out the car a fortnight before the appointed day.

I beg that the Dy: Commissioner may be pleased to inspect the work that has been turned out.

He further reports that the repairs of the marginally noted cars estimated at Rs 687/- are urgently needed on account of the ensuing car festival that comes off in the early part of March next, that in anticipation of sanction he has given the work on contract for Rs 400/; that Rs 100/- has been advanced after obtaining the Mutchalike from the Contractors; and that

2. It is further observed that in the completion Bill forwarded by the Deputy Commissioner for the sanction of Government no mention is made of the advance for repairs to the Car and I enclose in original, his docket No.178 of 23rd September '05 with its vernacular enclosures for reference & return ission from which it will be seen that a sum of Rs.744/- has been drawn as advance from time to time.

To

The Deputy Commissioner,

Mysore District.

SIR,

During my visit to Nanjangud early in February last I found that one of the axles of the big car of the Sree Srikantaeswara swami temple required to be immediately replaced and that two other smaller cars required sundry urgent repairs. I told the Assistant Commissioner, who was present, and the temple servants that the repairs should be promptly executed as the car festival was fast approaching. The Amildar was then absent on special duty.

I am directed to bring these facts to your notice and to request the favour of your giving the needful instructions for the necessary repairs being completed without fail before the ensuing car festival which comes off early in April. Money was sanctioned long ago for these works, and if more is required it will be given but the execution of the work should not be delayed on any account.

It would appear that some logs of timber purchased for these works are lying in the Nagamadevanhole jungles I am to request that immediate arrangements be made in connection

Deputy Commissioner's Office
Mysore District
Dated Mysore 12/15th May 1906.

To

R. K. Venkatavaradaiengar Esq
Secretary to the Government
of Mysore, Mungrai Depart-
-ment, Bangalore.

Sir,

In reply to your docket No 2622 dated 6th December 1905 calling for a report regarding the advance drawn from time to time for the repairs of the car of the Sri Sreekanteswaraswami temple at Nanjangud, I have the honor to submit herewith report No 130/382 dated the 28th February 1906 received from the Amildar of the Nanjangud Taluk and to state as follows:—

2. The Amildar of the Nanjangud Taluk having in his reports Nos. 135 and 174 dated 13th January and 8th March 1906 respectively to the Deputy Commissioner stated that the repairs of the big car had to be urgently carried out and requested the then Deputy Commissioner for permission to draw an advance of Rs 1000/- from the amount deposited

in

in the Savings Bank account No. 125 in the name of the Taluk Amildar, that officer seeing the urgency of the work permitted the Amildar to draw the advance asked for subject to adjustment on receipt of the completion Bill.

3. The Amildar thereupon drew the advance.

4 A bill amounting to Rs 1017-13-0, was sent to the Comptroller for audit, but it was audited for Rs 318-7-0 after deducting the amount of Rs 699-6-0 drawn in advance from time to time by the Amildar.

5. The Amildar reports that no mention of the advance was made in the completion bill forwarded for sanction as no money was advanced to him either by government, or, the Deputy Commissioner on Advance memos and that he was permitted by the Deputy Commissioner only to take an advance from the Savings Bank deposit account in adjacent

adjust it in due course.

6 It is not understood why sanction of Government was not first obtained when the Deputy Commissioner permitted the Amildar to draw the advance of Rs 1000/- in February and March 1904.

7. As the advance appears to have been drawn by the Amildar under the orders of the Deputy Commissioner from the Savings Bank Deposit account wherein certain Pardhuvat amounts have also been included, in view to attend to the urgent repairs of the car and as the advance has to be recouped, it is requested that Government may be pleased to accord their sanction to the amount viz: Rs 699-6-0 deducted from the Bill by the Comptroller.

I have the honor to be,
Sir,
Your most obedient
Servant.

Sir,

In reply to your docket No 4813 dated the 18th April 1906 calling for a report on the circumstances under which the sum of Rs 30/- was included in the Bill for Fasli 1314 for repairing the small Canal of the Sri Srikanteswara Swami temple at Nanjangud, I have the honor to state that the Amildar of the Nanjangud Taluk reported that the Contractors executed a sufficient lease to complete the repairs before 10.2.1905 & that a sum of Rs 30/- was accordingly entered in the Bill for Fasli 1314 on account of the repairs not completed before the 31st March 1905 to enable the same being completed & charged in April 1905.

2. He further reported that a reward of Rs 50/- was to be given to the Contractors if they completed the repairs before 10.2.05. As the work was not completed before that date no reward was given. The "Rekha Mahzar" which was received from the Kakankote Amildar in March 1906 was first to the 10th March 1906 the 10th instant & was reduced by Rs 20/- and only Rs 30/- included in
